

DEBOXER

\$6,480.00 USD

Crating TBD/CMV

(Prices Subject to Change Without Notice)

The Cook & Beals DeBoxer attaches to Cook & Beals uncapper or it can also stand on its own.

Our deboxer comes with room for one box on each side of the deboxing station. The deboxer can be fed from either side. The bottom of the incoming box is scraped into a standard wax pan as it is pushed into the deboxing station. The wax pan is included with the unit. The actual deboxing operation is done completely hands-free via the double acting, foot operated air cylinder.

The deboxer can handle either 9 5/8" or 6 5/8" frames.
