(Prices Subject to Change Without Notice)

The Wax Melter Auxiliary Tank comes standard on all new Wax Melter's. The tank is available for a field install for older models. The tank is of an aluminum construction for rapid heat transfer, is double-jacketed and intended for wax collection. Tank requires approximately 9 gallons of vegetable-based oil; we recommend replacing the oil every 3-5 years to prolong the life of the equipment. Approximate shipping size is L48" x W20" x H20", weighs 60 lbs.
